

Press release of May 25, 2020

DIGITAL FUTUREcongress virtual: windream GmbH with digital solutions for medium-sized businesses

Bochum. windream GmbH invites interested parties who want to get comprehensive information about digital document management to visit their stand at the DIGITAL FUTUREcongress virtual. This year, the congress will take place from May 26 to 28, making it the first three-day online congress fair all about digitalisation in medium-sized businesses.

The DIGITAL FUTUREcongress (DFC) virtual is the latest offshoot of the established congress trade fair, which has been held for many years in Frankfurt am Main, Essen and soon in Munich. Due to the current situation, the event will now be take place online for the first time. windream GmbH, which is regularly present at the DIGITAL FUTUREcongress, will also take part in this new format with an exclusive speaker slot and a virtual trade fair stand. In particular, Marco Kessler, Business Alliance Manager of windream GmbH, will give a talk entitled "Everything homeoffice or what? In the jungle between digitalisation, video conferencing and daily business". The participants will learn from the ECM expert how they can continue their daily work with digital document procedures and processes smoothly from the home office.

Virtual exhibition stand with a wide range of information

Further on, DFC-virtual participants can also visit the virtual exhibition stand of windream GmbH to get further information on digital document management. Additionally, experts of the Bochum-based ECM-provider will be available via a chat for questions concerning electronic document management and digital process management.

[Here](#), those who have decided on a short notice can ensure their participation in the DFC virtual.

About windream GmbH

windream GmbH develops and distributes the windream ECM-system. windream GmbH currently employs 85 people and supports a network of about 250 distribution, integration and cooperation partners throughout Europe, the USA, South America, Africa as well as Australia and New Zealand. International enterprises such as Babcock Noell, Deutz AG, the DFS Deutsche Flugsicherung (German Air Traffic Control), Swisscom, Koenig & Bauer and Deutsche BKK are included among the company's customers.

About the windream Enterprise Content Management System

windream, protected by patent since 2003, is counted amongst the leading solutions for acquiring, administering and archiving electronic documents in the office sector as well as in the field of SAP-integrated applications. windream is the first ECM-system worldwide to be integrated into an operating system.

The Standard Edition is generally used by smaller and medium-sized companies and the Business Edition by large enterprises. A whole variety of integrations into third-party products extend the windream product portfolio. Integrations into ERP-, resource management, financial accounting, knowledge management, groupware and imaging / data capturing solutions as well as integrations into different branch-specific software systems are included among the product range. windream has achieved a first-class result as a participant in the BARC studies "Enterprise Content Management" in all test disciplines.
