## **windreamCON 2023: Save the Date**

### ***Seventh edition of windreamCON will take place in the Vonovia Ruhrstadion in Bochum***

**Bochum. windream GmbH will hold its seventh big conference on November 8, 2023. Once again, the Bochum-based ECM-supplier has chosen a special event location: the Vonovia Ruhrstadion of the VFL Bochum and thus one of the most beautiful football stadiums in Germany.**

In the meantime, windreamCON has established itself as a large professional event for the efficient management of company-relevant documents, information and business processes. With its wide range of information, it addresses participants from companies of all branches who want to make their office work more efficient by using useful tools and software solutions.

In its seventh edition, the event will again be accompanied by interesting presentations. In addition, customers will report in the conference programme on the experience they have gained in setting up concrete solutions in their ECM projects. Furthermore, speakers of the Bochum-based software producer will give detailed insights into the further development of the windream ECM-system. Together with partners from all over Germany, the sought-after solutions concerning digital information, process and document management will be presented live on site in numerous speeches.

#### **Hybrid event**

The windreamCON 2021 already took place as a hybrid event. Due to the good feedback, windream GmbH has decided to give the participants the choice whether they want to experience the conference in person or online. "Of course, we would be pleased to welcome numerous participants on site and to

exchange experiences in person", Stephan Serger, Managing Director of windream GmbH, emphasises.

The Bochum-based software producer will announce further detailed information on the schedule, the agenda and the accompanying programme of the seventh windreamCON soon.

Participation in the conference and the accompanying programme is free of charge for all registered visitors.

#### **About windream GmbH**

For 20 years, windream GmbH has been one of the top companies in the development and marketing of business software products for electronic archiving, digital document management and business process control or workflow automation. Above all, the company is nationally and internationally known for its ECM-system of the same name, windream. More than 100 employees and a worldwide network of about 250 sales, integration and cooperation partners take care of more than 2,600 customers with more than 260,000 workstations. The clientele includes nationally and internationally known and renowned companies such as the pharmaceutical group Roche, the media companies RTL Group and Heise Group, the Raiffeisen banks of Upper Austria, Tyrol, Carinthia as well as DFS Deutsche Flugsicherung and Rhenus Logistics.

#### **About the windream Enterprise Content Management System**

With the patented integration into the Windows operating system, the foundation for today's windream ECM-system was laid more than 20 years ago. With this unique approach, windream sets new standards in terms of intuitive handling, inspiring usability and user acceptance also in the current version 8. All possible solutions, whether e-file, e-mail management, invoice receipt, incoming mail, scanning, archiving, search and find, business process automation, workflow and mobile working are modularly designed. windream is equally flexible when it comes to integrations into third-party products, e.g. ERP, merchandise management and financial accounting solutions. Thus, companies can configure the windream ECM-system like a construction kit exactly according to their specific requirements. With the Dynamic Workspace, the latest windream version 8 successfully bridges the gap towards mobility and cross-platform availability under an interface which can be designed by the user himself. No matter if in the office with a PC or a laptop, a Smartphone or a tablet: Any time, any place, any device. windream Dynamic Workspace is included in the windream Business Edition and does not need to be licensed as an additional module. windream - just use it
