

Digitization is our business. As a successful medium-sized company, we are one of the top 10 German specialists for archiving, digitization and digital processes. For more than twenty years, our customers are trusting our ECM solutions. We are growing continuously and are looking for enthusiastic and pas-

sionate talents like you to drive the digital transformation for our customers with us.

For the expansion of our product portfolio with a cloud-native solution, we are looking for as soon as possible:

Software Developer (m/f/d) - Focus on Cloud Technologies and DevOps

Your tasks

- You enrich our Scrum team with your expert knowledge and creativity and work with the latest technologies on the development and design of our new Cloud Native solution for the ECM market.
- You will develop system architectures and

solution scenarios, which you will implement with your colleagues, and play a decisive role in shaping one of our most important development projects.

- Would you like to take on more responsibility? Talk to us!

What you bring along

- Completed training as an IT specialist with a focus on application development or a degree with a close connection to computer science/EDP
- Experience in software development, e.g. with web applications and solutions in the cloud environment

- Microservice architectures and DevOps are familiar to you
- You have already practiced Continuous Integration and Continuous Delivery
- Ability to work in a team and communicative
- Good command of written and spoken German and English

Our offer for you

- Flexible working hours & mobile working
- Further training & promotion opportunities
- Long-term perspective in a modern software company
- Free fresh fruit and drinks
- Good accessibility by public transport and company-owned parking lot
- Bicycle or e-bike leasing

- Weekly fitness program with a trained personal trainer
- Modern building equipment with large communal kitchen
- „Mottorooms“ with table soccer, darts and air field hockey
- Company pension plan and subsidy for capital-forming benefits
- 30 days vacation per year

Is this the challenge you are looking for?

Great! Please send us your application documents, stating your salary requirements and the earliest possible starting date.
